RoHS STATEMENT

On February 13, 2003, the European Union embraced Directive 2002/95/EC, known as the Restriction of Hazardous Substances Directive (or RoHS), which limits the utilization of certain dangerous substances in electrical and electronic gear. Carried out as of July 1, 2006, the RoHS Directive confines the utilization of six substances in items and hardware sold in the European nations. The six Hazardous Substances recorded in this order and their MAXIMUM permissible weight limits are:

LEAD P/b	0.1%
MERCURY	0.1%
CADIUM / Cd	0.01%
HEXAVALENT CHROMIUM / Cr(6+)	0.1%
POLYBROMINATED BIPHENYLS / PBB	0.1%
POLYBROMINATED DIPHENYL ETHERS/ PBDE	0.1%

None of these substances are available in the materials sold by Fighter Jet Metals, Inc. The entirety of the materials provided by Fighter Jet Metals, Inc. are agreeable with the Restriction of Hazardous Substances Directive (RoHS)

Christopher Krebs

President, Fighter Jet Metals Inc.
